99.1 [Excerpted Transcript of Portions of Whirlpool Corporation Earnings Conference Call held on April 24, 2018](#)

Exhibit 99.1

The following is an excerpted transcript of portions of the earnings conference call held at 8:00 a.m. Eastern Time on April 24, 2018, by Whirlpool Corporation. It does not purport to be a complete or error-free statement or summary of the conference call.

Marc Bitzer, Chief Executive Officer:

We have secured financing in an amount similar to the anticipated net proceeds from [the Embraco sale] transaction, which we intend to use to significantly increase share repurchases in the second quarter through a modified Dutch Auction tender offer targeting \$1 billion. The impact of this tender offer is not reflected in the guidance we issued last night.

James Peters, Chief Financial Officer:

We have secured financing of an amount similar to the transaction amount and we intend to execute a modified Dutch Auction tender offer of up to \$1 billion under our current share repurchase authorization, with an anticipated purchase price not less than \$150 per share and not more than \$170 per share, subject to market conditions.

Marc Bitzer, Chief Executive Officer:

And in a certain way, you also got to look at the tender auction as we feel very confident of our business, that's why we go out with a very significant buyback of our shares.

James Peters, Chief Financial Officer:

We look at the different mechanisms and we believe that the modified Dutch tender offer is the most efficient and effective way to repurchase a large amount of shares very quickly in the market. It's beneficial to both us and the shareholders in the way that we do it. And again, it sets – the price, it was pretty close to today's trading price. And then, with a range on it, that we feel is – will be effective in terms of achieving what we want to achieve from a capital allocation perspective.
