**Item 2.02. Results of Operations and Financial Condition.**

The information set forth in Item 8.01 below with respect to the third quarter ended September 30, 2018, of Whirlpool Corporation (the "Company") is incorporated by reference herein.

**Item 8.01. Other Events**

On October 15, 2018, Sears Holdings Corporation ("Sears") announced that it had filed for bankruptcy protection. As of September 30, 2018, approximately \$30 million or 1% of our aggregate accounts receivable exposure was related to Sears, and we had an immaterial amount of Sears-related inventory. In addition, net sales to Sears represented less than 2% of our global net sales. We believe the Sears bankruptcy will have a very limited short-term impact on our results of operations as consumers adjust to the new retail landscape and we work through the one-time impact of accounts receivable and inventory write off; furthermore, we do not believe that the bankruptcy will materially impact our financial results over the long term. In the past, when faced with a potential volume reduction from any one particular segment of our trade distribution network, we generally have been able to offset such declines through increased sales throughout our broad distribution network. While we are planning to give an update about our Q3 financial results during our earnings call on October 25, we do not anticipate that this will have any impact on our EPS guidance.
